

GME TX3500S DSP Compact UHF radio with ScanSuite

Brand: GME

Product Code: tx3500s

Price: \$419.00

Description

A UHF radio powered by digital signal processing for Pure Sound

Synonymous with quality and reliability, the GME TX3500S is one of the most advanced 5 Watt UHF CB radios of its kind. Equipped with GME's newest digital scanning technology - Scansuite and an impressive feature list that includes Digital Signal Processing, Advanced Signal Management, Dynamic Volume Control and 19 extra receive channels. With CTCSS and DCS this radio ensures more privacy and less interruption.

The compact size and unique slide-in mounting cradle makes installation simple and our intuitive user interface and controls ensure all of our technology is easy to use and optimises performance across the 80 channels.

Genuine GME 5 year warranty.
