

GME GR300BTWEP AM/FM Marine Radio Ent. Pack - White

Brand: GME

Product Code: GR300BTWEP

Call for Price: 07 3277 0237

Description

Easy to use marine entertainment system with Bluetooth audio streaming.

When simplicity and performance are expected, the new GME GR300BT marine stereo is the entertainment unit of choice.

A powerful, yet compact AM/FM radio with Bluetooth® audio streaming that can be wirelessly paired with any smart phone, tablet or compatible device. Access any of your favourite tunes on the water and be truly impressed with the audio clarity and minimal distortion, even in windy and noisy ocean conditions.

Built to withstand the harsh marine environment, the GR300BT chassis is waterproof to the IPx7 standard – submersible to 1 metre for up to 30 minutes. The unit is UV stabilised to maintain the high-gloss pearly white finish, ensuring lasting performance - a trait you would expect from a GME product.

The stereo features a large backlit LCD display, making it easy to read on-screen information, even on a bright sunny day, yet the compact depth design enables mounting in limited space.

The GR300BTWEP pack also includes a pair of 60W GS300 Marine box speakers.
