

Midland is a wireless communications leader with a global history spanning over 50 years. Designing & manufacturing innovative technology and reliable 2-Way systems, Midland continues to develop high quality wireless communications solutions for the Australasian market.

MZERO COMPACT 27MHz AM CB & MARINE RADIO

4W 40CH CB/10CH MARINE

Extraordinarily practical, lightweight and compact

Introducing the new generation of Midland CB radios. With the very latest SMD technology and with the new modern plastic case, the **MZERO** is much lighter than the usual metallic chassis of other CBs. The **MZERO** is designed for those who want maximum ease of use from an essential radio while still having all the main functions of a full featured CB.
